

ADDENDUM NO. 1

RFP# 18RFP021918-CSI

DATE: March 23, 2018
OWNER: City of Stockbridge
PROJECT: SCADA Improvements
C & S PROJECT NO.: S9100.015
ENGINEER: Martin C. Boyd, P.E.
CARTER & SLOOPE, INC.
P.O. Box 534
Watkinsville, Georgia 30677
Telephone: 706-769-4119 Fax: 706-769-4546
Email: mboyd@cartersloope.com

BID DATE: March 29, 2018

BID OPENING: 12:00 PM Local Time

TO ALL BIDDERS:

ACKNOWLEDGE RECEIPT OF THIS ADDENDUM BY INSERTING ITS NUMBER IN YOUR BID FORM – SECTION 00400. FAILURE TO DO SO MAY SUBJECT BONA FIDE BIDDERS TO DISQUALIFICATION. THIS ADDENDUM FORMS A PART OF THE BIDDING DOCUMENTS WHICH ARE HEREBY MODIFIED IN THE FOLLOWING RESPECTS:

1. DRAWINGS

- A. Refer to Sheet E-1. Strike the note that reads “All SCADA System components shall be provided by MR Systems as an allowance to the Bidding contractors”. Replace this with the following note:

“All SCADA System components for the Water System Improvements shall be provided by MR Systems and paid for in accordance with the schedule as shown in Section 00400 – Bid Form.”

Clarification: The proposed SCADA System for the Water System Improvements is designed around MR Systems so all components for that system shall be provided by MR Systems. The SCADA system for the Sewage System Improvements is based off an existing Mission Communication System. The Mission Communication System does not have to be provided by or installed by MR Systems. Nothing in these bidding documents prohibit MR Systems from providing and installing the Mission Communication System on the sewerage system lift stations; however, there are no

requirements that the Mission Communications Systems be installed by MR Systems. The Contractor has the option to use MR Systems to furnish and install the SCADA System for the Sewerage System Improvements or they can use other qualified electricians and integrators.

- B. Refer to Sheets E-11 to E18.

Clarification: On several of these sheets, there are notes that say that the Contractor shall provide pressure transducers and float switches or other instruments. It is our intent for the Contractor or the integrator to provide these instruments and it is up to the contractor and integrator to decide who will furnish and install them. The Owner has no preference.

END OF ADDENDUM NO. 1
