Attn: Anita Gunnoe, Court Administrator

Anita,

Thanks so much for meeting with Ray & I to discuss our latest feature that is now available in our visual court system. As discussed, this feature will allow you to run your histories for a case inside the Visual Court Management System through GCIC. You will be able to run several GCIC queries related to drivers and vehicles. In a ticket you will be able to run a DQ, RQ, KQ, IQ and FQ. The case management list will enable you to run KQ's and IQ's for all tickets based on the violation code and have the result either printed or attached to the ticket. In addition to being a time saver for you, this will allow the history to be as recent as the moment you run this from our court system.

This feature is an option and will require an increase in your current CSI fee.

If you decide you want us to activate this new feature, the new fee schedule is listed below. A new contract will need to be executed.

Fee Schedule

\$3.00 to \$6.00 Per Paid Citation
Pricing valid for ninety days

Up to three (3) Users

Attached is a new license agreement outlining the new added feature to the court system.

If you have any questions regarding anything we discussed, please let me know.

Sincerely,

Cathy East
